Back Country Skiing & Boarding

It is true, there are a lot of backcountry access areas around British Columbia, but rest assured, there is nothing like there is here at the Windsor Hotel. Once you have skied or boarded in the backcountry that is right out the back door of the Windsor, you will be back!

Fishing

Ok, we could tell you all about the size of the fish, the unspoiled nature, the peaceful environment, and the great people. We could go on and on about how many fish there are, how amazing the views are, but we won't, you should just come and see us for a few days and you will understand.
